

COMMERCIAL**CONTRACT:** 3M Head Office, Bracknell**CONTRACT PERIOD:** 30 Weeks**VALUE:** £1.5 million**CONTRACT DESCRIPTION:**

This contract consisted of supplying R.C. pile caps and ground beams, underground drainage, and power-floated concrete ground floor construction covering 7000 m².

Additionally there was a basement construction with basement slab, and R.C. walls, built to a water tight construction. As the ground conditions were heavy clay, all foundations & ground slabs incorporated Cellcore collapsible board for clay heave, which required careful planning and execution of the works on top.
