CONTRACT: University Campus Suffolk,
Ipswich

CONTRACT PERIOD: 76 Weeks

CLIENT: Willmott Dixon Construction Ltd
Riverbridge House
Anchor Boulevard
Crossways
Dartford
Kent, DA2 6SL

VALUE: £1.95 million

CONTRACT DESCRIPTION:

The Project comprised of the construction of the new main University Campus Suffolk building. Our works incorporated the bulk excavation earthworks to a depth of up to 3m, breaking out extensive existing reinforced concrete foundations, and recycling these obstructions into a new pile mat on-site, and disposal of circa 4000/m³ of contaminated material to an off-site licensed facility. On completion of these enabling works, there was the installation of some 1000m³ of RC pad foundations and RC slabs, surface and foul water drainage, along with a complex on-site water storage system, and some very intricate specialist hardlandscaping/street furniture installation, bringing the project to a timely, and on budget completion.
