Essex, CM8 3TH**VALUE:** £0.35 million**CONTRACT DESCRIPTION:**

The Contract involved the substructure works for the new primary school in Boxted, including all necessary external works. Also carried out was the 278 road re-alignment works to improve access to the new school, which included a dedicated bus lane and turning area. The 278 works were phased to allow near to normal traffic for this main arterial route for the village. The re-alignment works required close liaison with the relevant statutory services for their diversionary works.

The work comprised of site clearance works, bulk earthworks, capping and sub-base, mass concrete foundations and reinforced concrete bases, foul drainage and localised surface water drainage, block-paving and kerbing. All works carried out to a fast track programme for completion for summer 2005.
