

**INDUSTRIAL**

**CONTRACT:** Colnbrook R.M.C.  
Batching Facility

**CONTRACT PERIOD:** 20 Weeks

**CLIENT:** Foster Yeoman Aggregates  
Robins Wharf  
Grove Road  
Northfleet  
Kent  
DA11 9AX

**VALUE:** £1 million

**CONTRACT DESCRIPTION:**

The contract involved the provision of a 40,000 m concrete ground slab for a new aggregate plant, built on the site of an old landfill tip initially after site strip. Filling the whole site was subject to dynamic compaction. The area was then prepared to the underside of slab, and new drainage and service ducts were installed.

The concrete slab was poured in 6m bays, completing some 400 L.M. of bays per day in fibremesh concrete. Additionally 400 L.M. of king post R.C./sleeper walls to provide bays for the alternative aggregates were provided. Two new weighbridges in R.C. construction were also built.
