

EDUCATION**CONTRACT:** Heathcote School, Chingford**CONTRACT PERIOD:** 46 Weeks**CLIENT:** Kier London
188 High Road
Loughton
Essex**VALUE:** £1.1 million**CONTRACT DESCRIPTION:**

The contract consists of the construction of a new school for the London Borough of Waltham Forest under PFI agreement and conditions. All works to the new build (which is sited against the existing school) is being carried out within the school boundaries, thus limiting space, working area and storage. Also all areas of work had to be completely cordoned off to restrict any possible entry by students or teachers from the school. The works are typical sub-structure works of pile caps, interlinking beams, drainage and all relevant services. The works also involved the casting of a high tolerance slabs to all of the ground floor slabs to the school. When the new build is complete, the school staff and pupils will decant into this and the existing school will be demolished. Upon completion of the demolition, the external and hard landscaping works will be completed.
