

HEALTH & LEISURE

CONTRACT: Heathrow Travel Inn (600 bed)
Heathrow Airport Middlesex

CONTRACT PERIOD: 48 Weeks

CLIENT: Laing Ltd
Paramount House
Maylands Avenue
Hemel Hempstead

VALUE: £3.6 million

CONTRACT DESCRIPTION:

We were employed in the first instance to carry out the enabling works, which consisted of a 240 metre long and 8 metre deep drainage diversion which included a 10m long heading to connect to an existing manhole at the 8 metre depth. We also dealt with a large quantity of contaminated material, which required disposal off site.

The main package consisted of foundations, pile caps and ground beams for the hotel, including 8,000m² of high tolerance reinforced concrete slab with an under laying gas venting system and membrane, and a further 8000m² of concrete topping to holorib metal decking with a power floated finish. The external works comprise of approximately 10,000m² of parking facilities including all the associated drainage and landscaping.
