

INDUSTRIAL

CONTRACT: Industrial Complex, Powergate,
Park Royal

CONTRACT PERIOD: 52 Weeks

CLIENT: Trak Construction Ltd
Seymour House,
Whiteleaf Road
Hemel Hempstead
Herts,
HP3 9DE

VALUE: £2.4 million

CONTRACT DESCRIPTION:

The project was a large warehouse park involving the construction of sheds ranging from 2,000m² to 10,000m² and associated external areas of over 30,000m² of brush finished concrete and 9,000m² of access road. Including within the project was the associated small bore drainage, draining to large holding tanks and interceptors. The work also included section 106 works. The most notable feature was the high voltage oil cooled cables that crossed the site, which warranted special safety consideration and planning.
