VALUE: £1.1 million

CONTRACT DESCRIPTION:

The project comprised of the construction of a new operation support building and car park within the existing Hertfordshire Police HQ complex. The works incorporated excavation and construction of concrete foundations, and the installation of both ground and first floor concrete slabs to the new building, installation of new drainage, communication and service systems, construction of permanent access roads around the complex, excavation, carting and forming mounds of 10,000m³ of spoil, and preparation for and installation of 8,000m² of block paving to the car park. We also carried out approved 278 works for the construction of a new main entrance to the development. Whilst the work progressed, the police complex remained fully operational and all works were phased around ongoing activities.
