

RETAIL**CONTRACT:** Tesco, Becton Phase 2**CONTRACT PERIOD:** 52 Weeks**CLIENT:** Kier London
188 High Road
Loughton
Essex
IG10 1GH**VALUE:** £1.4 million**CONTRACT DESCRIPTION:**

Substructure and external works for a new Tesco Extra Superstore. The main works consisted of all the foundations for both the new store and the adjacent new smaller retail units, totalling 4,000 m³ of concrete in foundations, along with the construction of the service yards. This included a brush finish and other external slabs and retaining walls amounting to approximately 2,000m³ of concrete. The car park works consisted of approx 20,000m² of car parking and included all associated kerbing (5km) and paving (15,000m²). Also involved was a 10,000m³ truck shift on site, the importation of 70,000 tonnes of aggregates (mainly recycled) and the laying of some 4.5km of drainage of varying diameters and depths. The package also consisted of all groundworks for a new petrol filling station, including deep excavations for the new petrol tanks.
