

COMMERCIAL

CONTRACT: Prologis Management &
Innovation Centres
Dartford

CONTRACT PERIOD: 26 Weeks

CLIENT: John Sisk & Son Ltd
1 Curo Park,
Frogmore, St Albans
Hertfordshire,
AL2 2DD

VALUE: £0.7 million

CONTRACT DESCRIPTION:

Split into two separate entities, the Management & Innovation centres were located diagonally opposite from each other across a main access road and therefore required careful co-ordination of works. Steel and concrete frames were erected for each building respectively & each of the structures were serviced by separate car parking facilities and public footways. Our works package consisted of the following six elements; enabling – creation of hard-standing areas for site compound & access road, ground works – excavating to reduced levels and piling mat construction, reinforcement works – piles & ground beams, superstructure – concrete frame to Innovation centre, drainage/utilities – connection to existing services & external finishing works – car park & road surfacing works & landscaping.
