CONTRACT: Upland Primary School,
Bexleyheath

CONTRACT PERIOD: 52 Weeks

CLIENT: Willmott Dixon
Construction Ltd.
Munro House
Portsmouth Road
Cobham, Surrey
KT11 1TE

VALUE: £0.74 million

CONTRACT DESCRIPTION:

This project comprised of the construction of a new primary school including new car parks, access roads, landscaping, playgrounds and the demolition of the original school. All works to be carried out whilst the school was fully functional. Our original scope of works was to provide all the necessary labour, plant, materials and supervision to carry out initial enabling works and then to carry out reduced level excavation, the construction of the concrete foundations to the new school and the installation of an extensive new storm and foul drainage system including connecting into the existing sewer in the street. As the works progressed our scope increased to include all of the reinforced concrete works to the floor slabs and super-structure together with all of the external finishing works. These external works included the construction of playgrounds, car parks, access roads, topsoiling to planting areas and sports areas and general works required to complete the project.
