

**RETAIL****CONTRACT:** Waitrose — North Finchley**CONTRACT PERIOD:** 8 Weeks**CLIENT:** Kier London  
188 High Road  
Loughton  
Essex  
IG10 1DH**VALUE:** £0.45 million**CONTRACT DESCRIPTION:**

The project involved the construction of a new extension to an existing Waitrose supermarket. Our works comprised of the breaking out and excavation of the existing car park, installation of a new drainage system connecting to the existing store system, services installation, construction of concrete foundation, installation of a reinforced concrete ground floor slab including insulation works, installation of a concrete first floor slab on Colorib Decking, and external works including various types of paving and street furniture. We also carried out drainage works within the existing store during night shifts. All works were carried out with careful coordination and in a manner to minimise disruption to the existing store, as the store remained open throughout the construction process.
